

**The following stand constructions are not subject to approval:**

- single-storey stands
  - having a surface no larger than 100 m<sup>2</sup>
  - not higher than 4.00 m
  - as far as they are not considered as special constructions

**The following stand constructions are subject to approval:**

- stand areas larger than 100 m<sup>2</sup>
- stand structures and exhibits higher than 4.00 m
- two-storey structures
- screening or spectator rooms
- stages/platforms
- outdoor structures
- temporary structures, tents
  
- special constructions:
  - suspensions
  - boundary construction to the aisles
  - moving components
  - glass/acrylic glass construction
  - stair/railing/platform with a height > 20 cm
  - stand with ceiling/closed ceilings
  - floor/ceiling connections
  - darkened stand area
  - foundation works

In addition to the Technical Regulations, the factsheets for stand construction and exhibits have to be taken into account.

**The following documents have to be uploaded in the Exhibitor Portal [www.achema.de/exhibitorportal](http://www.achema.de/exhibitorportal) in German or English language for verification by 14 April 2021 at the latest:**

- stand drawings (floor plans, side/top/perspective views, sectioned drawings) drawn to a suitable scale, e.g. 1:100 plus ceiling schematic including dimensions of the enclosed ceiling area(s)
- building description specifying materials used (including certificates where applicable)
- checked or checkable static calculations complying with German building standards or type certification/certification book
- escape route plan including lengths and widths of emergency escape route(s)
- plans of suspension giving the corresponding distribution of weights
- stand constructor and person to contact (company, e-mail, phone, person to contact on-site including mobile number)

In the event that static calculations examined by a second, independent structural engineer were submitted, a fee for the inspection on-site will be charged.

If there is no certified static analysis at hand or a certified static is not feasible, costs arise for the verification of the static calculations as well as for the inspection on-site.

If there is no static at all, costs arise for the static calculations as well as an omission surcharge of 30% of this sum and for the inspection on-site.

Costs will be charged for every inspected component.

## Costs

## Costs for statics and for the fire protection:

<b>Costs for check of structural calculation will be charged by DECHEMA Ausstellungs-GmbH:</b> (Please consider that every inspected component will be charged separately.)		
Check of structural calculation of the statics (if there is no certified static or a certified static is not feasible) plus structural inspection (see below)	and/or	300.00 € on time/effort
If no static calculation is available, costs are arising for the determination of the construction on site and examination by own comparative calculation incl. omission surcharge of 30 % plus structural inspection (see below)		on time/effort
<b>Costs for rental space (upper floor) of a two-storey exhibition stand will be charged by DECHEMA Ausstellungs-GmbH</b>	per m <sup>2</sup>	135.00 €

<b>Costs for structural inspection/visual assessment on-site will be charged by Messe Frankfurt:</b>		
Structural inspection for walls including LED walls and constructions, advertising materials or product presentations higher than 4 m	per inspection	385.00 €
Structural inspection for floor/ceiling connections	per inspection	385.00 €
Structural inspection for accessible glass/acrylic glass constructions and platforms/rotating platforms higher than 20 cm or rotating stages in exhibition halls or outdoor areas	per inspection	385.00 €
Structural inspection for structurally complex constructions and movable product presentations/walls/modules	per inspection	735.00 €
Structural inspection of a two-storey structure	per inspection	1,370.00 €
Structural inspection for stands in outdoor areas, 1 - 100 m <sup>2</sup> without an upper storey	per inspection	385.00 €
Structural inspection for stands in outdoor areas, 101 - 1,000 m <sup>2</sup> without an upper storey	per inspection	735.00 €
Structural inspection for stands in outdoor areas, 1 - 1,000 m <sup>2</sup> with an upper storey	per inspection	1,370.00 €
Structural inspection for tents in outdoor areas, 1 - 100 m <sup>2</sup>	per inspection	385.00 €
Structural inspection for tents in outdoor areas, 101 - 1,000 m <sup>2</sup>	per inspection	735.00 €
Structural inspection for show trucks with an awning and/or an accessible upper storey	per inspection	385.00 €
Structural inspection, additional expenditure because of not submitted plans/structural inspection	per inspection	400.00 €

<b>Costs for the fire protection will be charged by Messe Frankfurt:</b>		
Fire alarm system 1 - 800 m <sup>2</sup> ceiling/covered area	per m <sup>2</sup>	49.00 €
Fire alarm system from 801 - 2,400 m <sup>2</sup> ceiling/covered area	per m <sup>2</sup>	42.00 €
Fire alarm in custom colour	per item	115.00 €
Wall hydrant type "S"	per item	789.00 €
Smoke extraction fan	per item	945.00 €
Visual and acoustic warning system	per item	275.00 €
Sprinkler	per item	677.00 €

All prices quoted are subject to statutory VAT.

**All stand structures in the outdoor area**

**Stand areas  $> 100.00 \text{ m}^2$**

**Stand structures and exhibits more than 4 m high and special constructions:**

**Exhibits and hazardous media see separate fact sheet**

## Single-storey stands

- as far as they are not considered as special constructions (e.g. closed ceilings, stand structures and exhibits more than 4 m high, platforms with a height  $> 20$  cm, glass/acrylic glass constructions, floor/ceiling connections, advertising media, turntables, moving components, etc.)

Exhibits and hazardous media see separate fact sheet

On request DECHEMA would be pleased to check exhibitors' submitted stand construction plans.
