WiFi access point

We ask that you observe the following technical rules. By doing so, you help to ensure that the WiFi network offers sufficient bandwidth for all users while helping to avoid service disruptions.

- Please use only one access point per stand.
- WiFi transmitters in the 5 GHz band are not permitted.
- You are permitted to use channels 1, 6 and 11 in the 2.4 GHz band (802.11 g/n); no other channels may be used.
- Channel bonding is not permitted.
- The transmission power may not exceed -80 dBm at the border of the stand.
- Your access point's SSID must begin with your stand number (e.g. H4.0 B42).
- Only WiFi transmitters may be operated.
